

Dear Parents,

Welcome to our next STREAM Academy sessions. It's time to register your child for a fun way to design, build, grow, and learn!

There will be eight afterschool sessions that will take place from October and run through the end of November. Sessions will take place on Wednesdays unless we have a day off or calendar conflict. Robotics will take place on Tuesdays. Parents will be notified if a teacher needs to change a particular date or cancel a class due to absence or illness. Students will be able to showcase their STREAM projects & creations at St. Joe's Collegiate High School on Dec. 3rd. Families & friends are invited to attend.

Students will be allowed to sign up for any academy based on their grade level but please know that space is limited. We will do our best to accommodate all students who register so please be mindful of the above due date. There is a \$25 fee for each child.

You will be notified if the academy you signed your child up for is full. In these cases, preferential registration will be given to your child should you decide to register him/her for a session next spring.

The following list contains upcoming sessions and a list of academy descriptions follows this sheet. Please note that these are all new challenges & designs from last year.

Teacher	Academy	Grade(s) eligible
Ms. Stainsby Mrs. Wojtaszek	Sprouts	PreK 4 K
