

Hello Everyone!

It has been a busy week! STREAM started after school! The kids seemed to love their first classes! The teachers were also excited about their topics! We are heading into a long weekend! I hope you all have a great weekend, rest, have fun, spend time with family, and see the blessings around you.

We also welcomed a new teacher this week - Mr. Bogdan, who will be teaching technology. He has moved back home to Buffalo after living and teaching in Florida. He was very impressed with our students after the first day. So, if you see him, be sure to say hello!

Officer Milo- As many of you know, our School Liaison Officer has been Officer Milo for the last two years. He has since been promoted to Lieutenant and so his hours changed. He has not been able act as our officer and has handpicked a new officer for us - Officer Swanik. Officer Swanik was very excited to meet us all today, and she was told wonderful things about our school by Officer Milo. We found out this week that Lt. Milo's wife (who is also a Lt. with the police department) was diagnosed recently with a very rare and aggressive form of blood cancer, known as multiple myeloma. We put them both on our prayer list this week and we are planning ways to let them know we are thinking about them both. We will be holding a dress down day in the weeks to come and creating some get well cards as well. I wanted to let you all know, so that when we have the dress down day, you know what it is for. The kids and staff adore Officer Milo, and he has nothing but good things to say about our school and school community. We pray

that his wife (the other Lt. Milo) heals and can go about doing everyday things. Please keep them in your prayers.

Have a wonderful weekend!

Peace,

Mrs. P
